¿QUÉ TRABAJAMOS?

CONCIENCIA FONOLÓGICA

- Discriminación auditiva de los sonidos vocálicos.
- Identificación del fonema inicial de las palabras.
- Clasificación de imágenes según su fonema inicial.

PRINCIPIO ALFABÉTICO

- Asociación entre cada fonema y su grafema.
- Reconocimiento de las vocales en mayúscula y minúscula.
- Identificación de la vocal escrita correspondiente.

ADEMÁS TRABAJAMOS

Conciencia articuladora, vocabulario y grafomotricidad.

PREPARACIÓN

Imprime, recorta y plastifica el material. Perfora las tarjetas del llavero y únelas con una anilla. Comprueba que el niño conoce el nombre de las imágenes.

¿CÓMO LO UTILIZAMOS?

1. Observamos la posición de la boca, pronunciamos el sonido y lo repetimos sin mostrar la letra.
2. Nombramos las imágenes, alargamos su fonema inicial y las agrupamos sin apoyo escrito.
3. Presentamos la vocal y establecemos la correspondencia entre fonema y grafema.
4. Reconocemos la mayúscula y la minúscula y repasamos su trazo.
5. En el llavero, asociamos cada imagen con la posición de la boca y su sonido.
6. En la ruleta, colocamos cada imagen en la vocal escrita correspondiente.

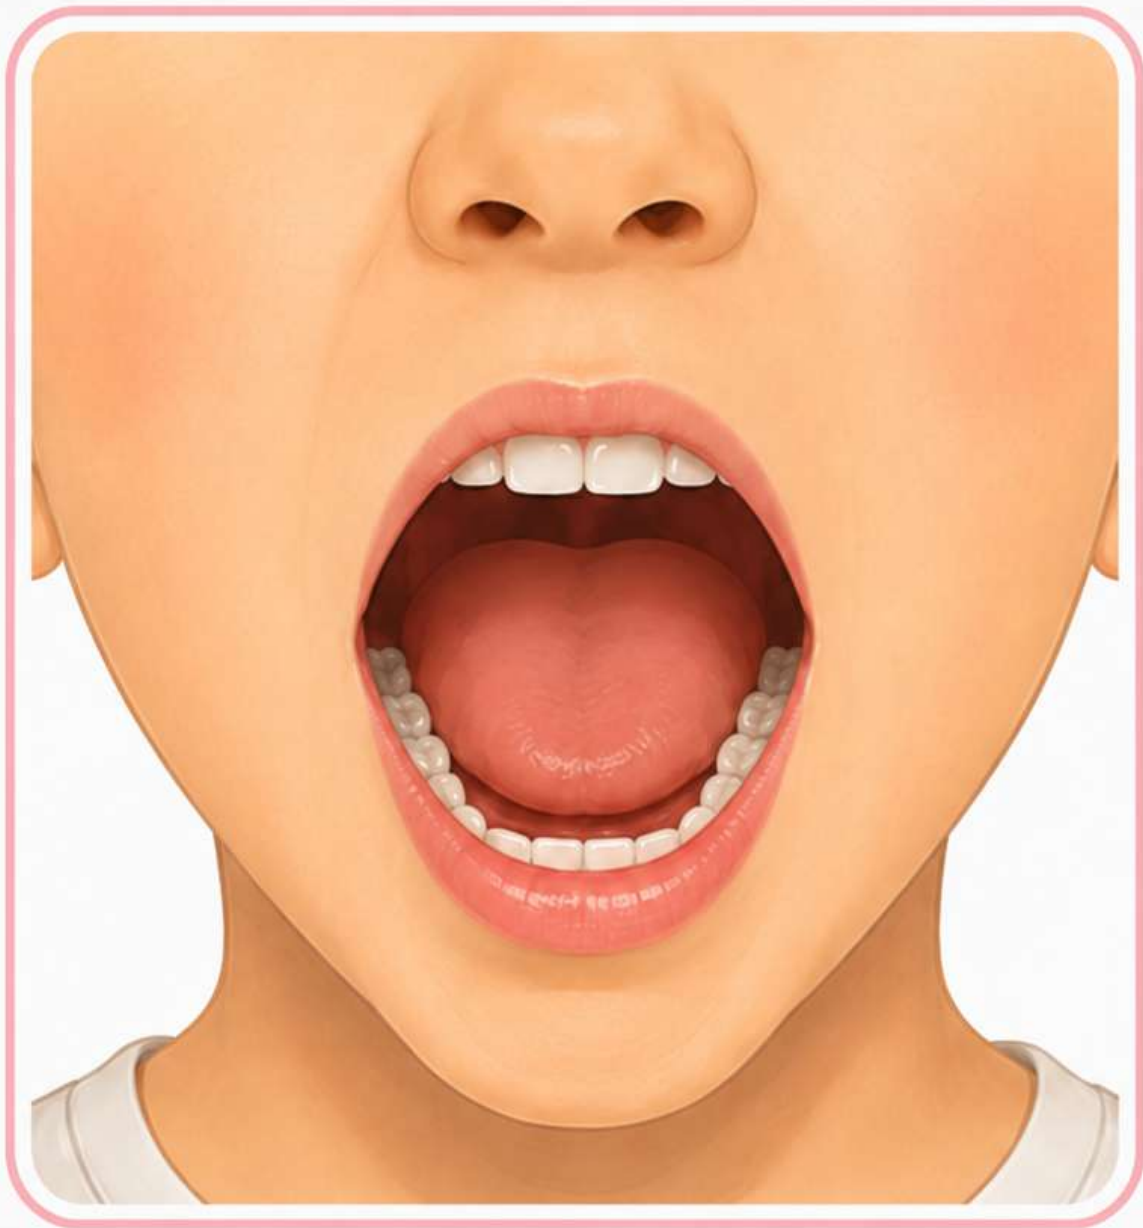

RECUERDA

Primero trabajamos el sonido sin letras. Después presentamos la grafía y relacionamos ambos.

Edad recomendada: a partir de 4 años, con acompañamiento adulto.
