¡SÍLABAS AL RESCATE!

Juego para aprender sílabas de forma divertida

Pequeñas
sílabas,
grandes
aprendizajes

OBJETIVO DEL JUEGO

Ser el primer jugador en quedarse sin cartas, leyendo correctamente las sílabas y relacionándolas por su sonido para formar palabras.

¡APRENDER
TAMBIÉN PUEDE SER
UN JUEGO!

PREPARACIÓN

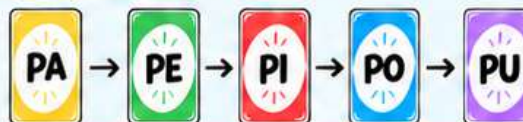

- Imprime y plastifica las tarjetas.
- Recorta por la línea.
- Mezcla todas las cartas.
- Reparte 7 cartas a cada jugador.
- Coloca el resto boca abajo en un mazo.

¿CÓMO SE JUEGA?

- 1 En tu turno, coloca una carta que coincida con la sílaba de la carta central (por ejemplo: misma consonante o misma vocal).
- 2 Si no tienes carta, roba una del mazo.
- 3 Lee en voz alta la sílaba que colocas.
- 4 El juego continúa en sentido horario.

Ejemplo visual:

RETO SILÁBICO

Después de leer la sílaba, el jugador debe decir una palabra que empiece por ella.

- PA → pan
- PE → pelota
- PI → piano
- PO → pollo
- PU → pulpo

Si no consigues decir una palabra, roba una carta.

SI NO PUEDES JUGAR...

Si un jugador no tiene ninguna carta que coincida por consonante o vocal, debe robar una carta.

Si la nueva carta se puede jugar, la coloca. Si no, pasa el turno.

¡SIEMPRE
HAY UNA NUEVA
OPORTUNIDAD!

CARTAS ESPECIALES

Cambio de sentido → cambia la dirección del juego.

Pierdes el turno → el siguiente jugador no juega.

Roba 2 → el siguiente jugador roba dos cartas.

Cambio de color → el jugador elige el nuevo color.

Comodín silábico → el jugador elige la sílaba que quiera.

¡ÚLTIMA CARTA!

Cuando te quede una sola carta debes decir:

Si se te olvida y otro jugador lo dice antes de que empiece el siguiente turno, roba 2 cartas.

¿QUIÉN GANA?
